In a brief and hastly written editorial in last week's issue reference was made to irregularities which should invalidate the election in Wailuku precinct. The irregularity specially referred to was the use of six booths, when the law expressly provides that not more three booths shall be used. This fact was so well known here that it was not specified in the editorial in question, and an unintentional injustice was there by done to the gentlemen who out to the reef. composed the election board. As a matter of fact, the board at first refused to allow the additional booths, notwithstanding the suggestions of Governor Dole, until it became apparent that there were sufficient booths, and finally consented to do so only at the earnest request of a number of candidates and others. The use of the extra booths was clearly an irregularity, in violation of the law, but at the same time we owe and frankly offer an apology to the board, not for what was said, because that was true, but

and not abated in the least.

Nearly all of Monday night the The plantations on Maui need at least 300 colored laborers from tide condinued to do damage and the southern States, who would undoubtedly vote the republican early Tuesday morning the underticket. On Hawaii, Wilcox's majority was 230. Hawaii needs at pinning to the building containing least five hundred colored men for her cane fields, all of whom the donkey engine used in hauling would vote the republican ticket. The latest returns from Kauai the rafts from vessels to the Mergive Wilcox 160 plurality. At least 300 colored laborers from the cantile Company's yards was undercane fields of the South are needed on Kanai, all of whom will vote mined and one side of the structure gave away. At Reed's bay an old and little used wharf of the Rover company was washed away but the To the bulk of the Hawaiians who voted the independent amount of damage was practically ticket, their victory means the restoration of the queen all as it was the intention of the in their place were several Chinese and Thursdays; Kahului, Monng vessels was at a stand still for three days during which the storm lasted and the merchants who had ing. minutes of a detrec.

Beveridge Says Hold Cuba.

Senator Beveridge of Indiana in a speech at Chicago took an unusually bold stand on the Cuban question, He said: "I speak for myself alone, but speaking thus, I say that it will be an evil day for Cuba when the Stars and Stripes come down from Morro Castle. 1 speak for myself alone, but I believe that in this my voice is the voice of the American millions, as it is the voice of the ultimate future, when I say that some day will be ours, and ours forever. We have a foreign nation on west; and now to permit another to the government pretend to fear. Toink of Cuba in alliance with England or Germany or France! Think of Cuba a naval station and ally of one of the great foreign powers, every one of whom is a rival of America! And so my answer to Mr. Bryan's comparison is that if we have made a mistake in Cuba we ought not to make the same mistake in the Philippines. And I predict that within 25 years we shall again be forced to assume the government of Cuba, but only after our commerce has again been paralyzed by revolution, after internal dissersion has again spilied rivers of Cuban blood, after the vellow fever has again and again crossed over to our southern coast from its botbed in Havana harbor, and after we have assumed hundreds of millions of dollars of Cuban debt to prevent this island possible for the men to stand on from falling into the hands of a foreign power."

Clever Chiness Mechanics.

Anyone who has lived in China or rigged to chains so the vessel could Japan will tell you that the mechanics have a double cold but the force of of those countries can reproduce the swell was so great that sho almost anything you set before them, dragged both anchors attached to no matter bow complicated. Hilo has had another storm and another high tide. On Saturday last the heaviest swell for months past began to roll in and it looked bad for the shipping as well as for Lanat the shacks along the beach. The Hilo Mercantile Co. had a yard full of lumber, some of it piled close to the bulkhead which the company

HIGH TIDE AT HILO.

built in front of the property. Saturday night the tide was high but there were no ill effects. Sun-Hana day morning there was no let up Porto Rico is ours, and ours forever, Waltoka and watchmen patroled the beach the Philippines are ours forever, Labatina to notify the company when there and Cuba ought to have been ours, and was cause for alarm. Up to 11 by the free choice of her people o'clock at night everything seemed safe, but after that hour the lide rose higher and the situation was our north; another on our southcritical. The vessels in the harbor rocked quite as much as if they were foreign nation within cannon shot at sea and additional anchors were of our southeast coast will indeed thrown out in order to keep the create conditions which will require three big sailing vessels from going that militarism which the opposition

Gradually the water was forced under the lumber company's bulkhead and word was sent to the Sheriff to send down help to move the lumber. Besides the Mercantile Co's full force of men nearly all of the prisoners were on band moving the heavy timbers and boards rather for what was left said, in explanation of their action in the back into the yard. The sea continued to work in until the bulkhead was nearly all washed away. It hardly seems possible that the ex-queen could beyo serithe men working at times when ously favored the candidacy of Bob Wilcox with any hope that his they were waist deep in water. success would benefit her. The experience which she should Not a stick of lumber was lost, however. On Monday the work have gained in her recent visit to the states should have taught continued, for the force of the water
